Volunteers

TRANSFORM LIVES
Many ways to transform lives. Many ways to contribute.

Volunteers at the Foundation for PIHMA Research and Education help to grow alternative medicine. Volunteers help with classes, library, medicinary, administration, technology, conferences, committees and many other activities.

As a volunteer at PIHMA, you have unlimited opportunities to share your talents, explore new areas and connect with people of all ages.

You’ll find choices to suit your interests, talents and abilities. Specialized training may be offered to prepare you for your volunteer role; in other cases experience may be necessary.
